## **Imperial County District Attorney's Office Position Justification**

### **Position Justification: (2) District Attorney Investigator II**

**Introduction:** The District Attorney's Office recognizes the pressing need to address the prevention of violent crimes within our communities. To effectively prevent these offenses and ensure justice for victims, District Attorney George Marquez created the Violent Crime Unit (VCU) within the District Attorney's Bureau of Investigations in 2023. The VCU has been dedicated to providing expertise to local law enforcement agencies and providing prosecutorial support for Deputy District Attorneys.

Through a partnership with CCP, the VCU would like to expand its posture from solely being a reactive unit to a proactive set focused on prevention and collaboration. The VCU will pivot to the ***Integrated Violence Reduction and Accountability Program (IV-RAP)***. IV-RAP will be dedicated to enhancing community safety through proactive measures aimed at preventing violent crime and ensuring compliance with court orders. IV-RAP will work collaboratively with all components of the criminal justice system and the community to identify and intervene with high-risk individuals, remove dangerous elements such as illegal firearms, and support rehabilitation efforts. Our commitment to prevention, enforcement, and community partnership seeks to break the cycle of recidivism, uphold justice, and promote a safer, more resilient community.

#### **Rationale:**

1. **Severity of Violent Crimes:** Homicides, assault with a deadly weapon, and domestic violence are among the most serious and impactful crimes in our society. These offenses not only result in direct harm to victims but also instill fear and insecurity within our communities. A dedicated focus on investigating and prosecuting violent crimes is essential to upholding public safety and restoring trust in our criminal justice system.

2. **Complexity of Investigations:** Cases involving violent crimes often require thorough and meticulous investigation to gather evidence, identify suspects, and build strong cases for prosecution. The complexity of these investigations necessitates the expertise of District Attorney Investigators who can provide strategic direction, coordinate efforts, and ensure that all investigative avenues are explored to their fullest extent.

3. **Victim-Centered Approach:** Victims of violent crimes, particularly those involving domestic violence, often face unique challenges and vulnerabilities. A District Attorney Investigator can ensure that investigations are conducted with sensitivity and compassion towards victims, prioritizing their safety, well-being, and access to support services throughout the legal process.

**4. Court Orders:** Holding individuals accountable to court orders, such as firearm relinquishments, restraining orders, and sex offender registration requirements, is essential to maintaining public safety. Compliance reduces the risk of reoffending and protects the community from potential harm by those who might otherwise disregard legal obligations

**5. Prevention and Deterrence:** By targeting habitual offenders on the pathway to violence and holding them accountable for their actions, we can deter future acts of violence and prevent further harm to individuals and communities. District Attorney Investigators can lead proactive initiatives to identify trends, target high-risk individuals, and implement strategies aimed at preventing violent crimes before they occur.

Since January of 2022 the District Attorney has received 58 homicides cases for review. A stark increase from the four years prior to 2022.

FILED HOMICIDE CASES		HOMICIDE CASES 2022		HOMICIDE CASES 2023		HOMICIDE CASES 2024

2020	12	Pending	0	Pending	6	Pending	4
2021	13	Total	<b>26</b>	Total	<b>23</b>	Total	<b>9</b>

In addition, since February of 2022, 273 Assault with a Deadly Weapon cases (§245(a)(1) PC) and over 550 felony Domestic Violence (§273.5(a) PC) have been submitted for review.

§245(a)(1) PC

<b>TOTAL</b>	<b>241</b>	<b>228</b>	<b>130</b>	<b>599</b>

District Attorney Investigators have played a crucial role in following up on these violent crimes.

Key responsibilities of a District Attorney Investigator:

1. **Interview and Interrogations:** District Attorney Investigators conduct interviews and interrogations with witnesses, victims, and suspects to gather information, establish timelines, and corroborate evidence. They may also work closely with victim advocates to ensure that victims feel supported and comfortable during the interview process.
2. **Surveillance and Monitoring:** In cases where ongoing criminal activity is suspected, investigators may conduct surveillance and monitoring activities to gather evidence and track the movements of suspects. This can involve the use of specialized equipment and techniques to gather intelligence and build a case against violent offenders. This most often occurs in crimes involving the intimidation of victims and witnesses.
3. **Author Search Warrants:** District Attorney Investigators may author search warrants to further investigations. These search warrants have been used to identify suspects and secure physical and digital evidence.
4. **Background Investigations:** Investigators conduct thorough background investigations on suspects, including reviewing criminal history records, conducting interviews with associates, and gathering information about their personal and professional activities. This helps to establish motive, identify potential accomplices, and build a comprehensive profile of the suspect.
5. **Collaboration with Law Enforcement:** District Attorney Investigators collaborate closely with law enforcement agencies, including local police departments, sheriff's offices, and federal agencies, to share information, coordinate investigative efforts, and ensure that cases are thoroughly investigated and prosecuted.
6. **Case Preparation:** District Attorney Investigators assist prosecutors in preparing cases for trial by organizing evidence, preparing witness statements, and drafting reports summarizing investigative findings. They may also testify in court as expert witnesses to provide insights into the investigative process and the evidence collected.

**7. Witness Protection and Relocation:** District Attorney Investigators are often called upon to protect and relocate victims and witnesses on a temporary or permanent basis. This may involve providing security to and from court or assisting in the relocation of a witness and their family.

Overall, District Attorney Investigators play a critical role in conducting thorough and comprehensive investigations into violent crimes, gathering evidence, and supporting prosecutors in bringing perpetrators to justice.

### **Value for the Community Corrections Partnership**

The District Attorney firmly believes collaboration between the District Attorney's Office and the Community Corrections Partnership (CCP) is crucial for furthering the mission of the IV-RAP. As a result of legislation which went into effect on Oct. 1, 2011, commonly known as Public Safety Realignment, or Assembly Bill 109, offenders convicted of non-serious, non-violent, and non-registerable sex crimes are now being incarcerated in local jails instead of in state prison.

With enhanced investigative support for CCP funded initiatives, the unit aims to prevent future violent crimes and facilitate their successful reintegration into the community, ultimately contributing to public safety and reducing recidivism.

Currently there is one **CCP funded Deputy District Attorney** who is assigned to prosecute 1170(h) offenses; however, the volume of cases requires that every Deputy District Attorney in the office contribute to the prosecution of these realignment offenses. The addition of two District Attorney Investigators (DAI) to this unit will enhance the overall effectiveness of the prosecution. The DAIs will provide expertise in complex investigations while providing trial preparation and support.

These DAIs will also work along the CCP funded **Victim Witness Assistance Program (VWAP)**. The DAIs will assist in the locating of victims and witnesses, documenting victim testimony, coordinating with law enforcement, and ensuring victim's needs are met.

With the support of CCP, the District Attorney plans to develop the IV-RAP with components involving court ordered firearm relinquishments, major crimes and career criminals. Although focused on enhancing public safety for the Imperial Valley, this three-pronged approach to violence prevention may serve as a resource to the stakeholders within CCP. In addition, these DAIs positions will be used to focus on habitual offenders, in support of local law enforcement. The DAIs will serve as mechanism to further criminal investigations and assist in the apprehension of 1170(h) eligible offenders.

In addition, these DAIs will focus on registered sex offenders who reside within the city and county boundaries of Imperial. As of August 2024, there are 250 registered sex offenders currently in Imperial County. 35 of those individuals are currently in violation of their registration requirement. 220 of these individuals are no longer on any type of formal supervision (probation or parole). The court order to register as a sex offender is the community's only mechanism to monitor these high-risk individuals. These DAIs will be providing community education to the public, identify, monitor, arrest and assist in the prosecution of sex offenders to enhance public safety. These DAIs

will educate and facilitate the registration for individuals who commit minor violations of their registration terms and conditions.

By investing in these critical position, the District Attorney's Office reaffirms its commitment to ensuring that our communities are safe, secure, and resilient.

The District Attorney plans to implement IV-RAP with the following components.

### **Initiatives within IV-RAP:**

#### ***1. Firearm Violence Reduction Initiative (FVRI)***

It's well known that Imperial County experiences high firearm and narcotics trafficking because Imperial County borders Mexico and Arizona. The District Attorney's Office aims to reduce firearm violence and remove guns from prohibited persons. IV-RAP will expand to include a Firearm Violence Reduction Initiative (FVRI) to reduce firearm violence and remove guns from prohibited persons. On the front end of the operations the (FVRI) involves intelligence gathering to identify people who possess firearms and fall into multiple categories of prohibition including: all types of civil restraining orders, felonies, misdemeanors that carry firearm prohibitions under PC 29805, and mental health related prohibitions. (Grant submitted to the State of California for position funding; April 2024)

#### ***2. Investigative Support for §1170(h) PC and Serious Crimes***

IV-RAP will provide personnel and specific resources for the effective investigation and prosecution of 1170(h) and serious crimes. When a critical incident occurs, the police agency may contact IV-RAP to respond and serve as a force multiplier; providing resources and expertise to homicides, suspicious deaths, in-custody deaths, officer involved shootings, and heinous crimes in our community. In addition, DAIs will work alongside the current CCP funded prosecutor to provide investigative support for 1170(h) offenses filed with the District Attorney's Office. (CCP Funded DAI- Proposed)

#### ***3. Habitual Offenders***

A habitual offender is someone who repeatedly commits crimes and has a history of criminal behavior. This term typically refers to individuals who have been convicted of multiple offenses over time, demonstrating a persistent pattern of unlawful activity. Through a partnership with CCP and local law enforcement agencies, IV-RAP will assume a proactive role in focusing investigative efforts on habitual offenders. By focusing on these high-risk individuals, IV-RAP will be able to prevent future offenses and future victimization of our community. (CCP Funded DAI-Proposed)

#### 4. *Sex offender registration*

As of August 2024, there are 250 registered sex offenders currently in Imperial County. 35 of those individuals are currently in violation of their registration requirement. 220 of these individuals are no longer on any type of formal supervision (probation or parole). The court order to register as a sex offender is the communities only mechanism to monitor these high-risk individuals. These DAIs will be providing community education to the public, identify, monitor, arrest and assist in the prosecution of sex offenders to enhance public safety. These DAIs will educate and facilitate the registration for individuals who failed to register as court ordered.

#### Conclusion

In conclusion, the implementation of IV-RAP is paramount to our commitment to public safety and justice. By dedicating specialized resources, expertise, and focus to the investigation and prevention of serious crimes, we aim to enhance our ability to hold perpetrators accountable, support victims, and ensure the safety and well-being of our communities. Through strategic collaboration with law enforcement partners, engagement with the community, and a victim-centered approach our unit will work tirelessly to prevent futures violence and foster a safer and more resilient environment for all.

To ensure that these are met, the District Attorney's Office is requesting to augment its workforce by recruiting two (2) District Attorney Investigators.

Additionally, we are requesting two (s) vehicles to facilitate travel.

# *INTEGRATED VIOLENCE REDUCTION AND ACCOUNTABILITY PROGRAM (IV-RAP).*

## **Mission:**

IV-RAP will be dedicated to enhancing community safety through proactive measures aimed at accountability and investigative best practices

Through increased support of current CCP programs, IV-RAP will work collaboratively with all components of the criminal justice system and the community to identify and intervene with high-risk individuals.

- The District Attorney firmly believes collaboration between the District Attorney's Office and the Community Corrections Partnership (CCP) is crucial for furthering the mission of the IV-RAP. With enhanced investigative support for CCP funded initiatives, the unit aims to prevent future violent crimes and facilitate their successful reintegration into the community, ultimately contributing to public safety and reducing recidivism.
- Currently there is one *CCP funded Deputy District Attorney* who is assigned to prosecute 1170(h) offenses; however, the volume of cases requires that every Deputy District Attorney in the office contribute to the prosecution of these realignment offenses. The addition of two District Attorney Investigators (DAI) to this unit will enhance the overall effectiveness of the prosecution. The DAIs will provide expertise in complex investigations while providing trial preparation and support.
- These DAIs will also work along the CCP funded *Victim Witness Assistance Program (VWAP)*. The DAIs will assist in the locating of victims and witnesses, documenting victim testimony, coordinating with law enforcement, and ensuring victim's needs are met.
- With enhanced investigative support for 1170(h) cases, major crimes, and habitual offenders, the unit aims to *prevent future violent crimes and facilitate their successful reintegration into the community, ultimately contributing to public safety and reducing recidivism.*
